**Ercros participates together with the Rovira i Virgili University
at the multi-sector fair Expoebre in Tortosa**

Ercros has participated in the 77th edition of the Expoebre fair, held last weekend in Tortosa, supporting the students of Industrial Electronics and Automatic Engineering from the Rovira i Virgili University (URV).

At the URV stand, the students presented a space entitled "Smart City", in which they showed how a green and sustainable city works designed using robotics and artificial intelligence.

Expoebre is the multi-sector fair that is held every year in Tortosa, which for four days becomes the meeting point for the industrial sectors of the Baix Ebre, Montsià, Terra Alta and Ribera d'Ebre counties.
