

Jose Montaner, new director of the Ercros factory in Almussafes

Jose Montaner Rosselló has been appointed as the new director of the Ercros factory in Almussafes, replacing Ramón Collado, whom the company thanks for his services.

Jose Montaner has a degree in Chemical Sciences, an industrial specialty, from the University of Valencia and has extensive experience managing work teams in the food and industrial sector, both nationally and internationally.

Likewise, Ercros would like to acknowledge and thank the work carried out by Xelo Aranda, head of industrial relations at the Almussafes factory, who has temporarily assumed the management of the centre for three months.

Almussafes, July 6, 2022
