The Ercros factory in Monzón has participated in the I Employment and dual FP fair that has been held with great participation in this town. The fair is the result of collaboration between the Monzón City Council, the Government of Aragón, the Association of Businessmen of Monzón and Cinca Medio, the Chamber of Commerce of Huesca and the Chamber of Commerce of Spain.

Mari Carmen Bestregui, head of administration and human resources at the Monzón factory, accompanied by the vocational training student, Susana Barranco, oversaw serving the visitors who came to visit the Ercros stand.

Meanwhile, Belén Pascual, head of PVC and specialties R&D, made a presentation about the company, in which she introduced it and explained the professional profiles in greatest demand.

Since this year, the Monzón centre has welcomed the FP training student in administration, who is carrying out the mandatory internship phase in the real environment of the company.
