

Ercros obtains 85 points out of 100 and renews the highest distinction in the international sustainability *rating* EcoVadis

Ercros has obtained 85 points out of a possible 100 in the international EcoVadis *rating*, which evaluates the ESG (environmental, social and governance) practices of companies. This result places Ercros in the top 1% of companies with the best ranking among the companies evaluated over the last 12 months and allows the company to renew, for the fifth consecutive year, the *Platinum* seal.

EcoVadis has identified 137 strengths of Ercros' sustainable development, including advanced management systems for environmental and greenhouse gas emissions, labour relations, human rights and fair-trade relations.

The EcoVadis *rating* evaluates more than 125,000 companies from 200 sectors and more than 180 countries. For its part, Ercros strives year after year to improve in all aspects related to corporate social responsibility, a fact that is reflected in the score obtained in this and other international *ratings*.
