

Ercros actively celebrates World Day for Safety and Health at Work

Ercros has joined the celebration of the World Day for Safety and Health at Work with the launch of several activities at its centres in Aranjuez, Almussafes, Cerdanyola, Sabiñánigo, Tortosa, Monzón and the Tarragona complex, which took place on 29 and 30 April.

The main activity, designed and coordinated by Sonia Arauzo, a doctor at the Aranjuez factory, consisted of assembling a large puzzle. Starting from the question: What does safety mean to you?, each worker could write their answer on one of the blank pieces and fit it into the puzzle. The objective of this activity has been to encourage reflection among staff on the importance of safety and health at work.
