

Ercros participates in the II Monzón training and employment fair

A group of students visits the Ercros stand

The Ercros factory in Monzón has participated in the II Fair 3E, about education, employment, business and dual vocational training, a proposal promoted by the City Council of the town, the Chamber of Commerce of Huesca and the Association of Entrepreneurs of Monzón and Cinca Medio.

Mari Carmen Bestregui, attached to the factory's human relations department, Pilar Salsé, a member of the R+D department, and Andrés Bonet, a dual vocational training, attended the students who came to the Ercros stand to find out about the company.

The Fair 3E was very well attended and some 60 exhibiting companies participated.
