Final product

# Business model

- The Cerdanyola factory is the leading producer in Spain and the second in Europe of moulding compounds.
- Moulding compounds are thermoset, solid and granular polymers, which Ercros produces from urea-formaldehyde (UF) and melamine-formaldehyde (MF).
- Ercros sells moulding compounds under the brands Carbaicar and Melaicar.
- The Cerdanyola factory has been the first in the world to manufacture circular moulding compounds, which it markets under the Recycled Carbaicar brand. These moulding compounds are obtained by recycling material discarded by customers.

# Production

- Ercros produces about 270 types of moulding compounds using its own technology, which allows the color required by the customer to be obtained from a palette of more than 2,000 colors.
- Moulding compounds can be molded by compression, injection, or transfer to result in a wide variety of products.

# Certifications

- **ISO 14001:** Environmental management system reference standard.
- **ISO 14064:** CO<sub>2</sub> emission verification standard.
- **ISO 50001:** Energy management system reference standard.
- **ISO 9001:** Quality assurance standard.
- **ISO 45001:** Standard that accredits health and safety management.
- **Sigos:** Standard that accredits the application of a healthy organizational management system.
- **CSR Company:** Certification of the Responsible Care program as a CSR company.
- **IBGC:** Certificate of compliance with the good corporate governance index.
- **UNE 19601:** Criminal compliance management system accreditation.
- **ISO 27001:** Standard certifying the data protection system.
- **OEA:** Certificate from the AEAT as an authorized economic operator.

# Governance and CSR

- **EcoVadis:** CSR rating agency. Ercros has obtained 87/100 points and is in the Platinum category and in the top 1% of companies.
- **Responsible care:** A programme of good practices, at a global level, promoted by the chemical sector. Ercros has obtained 85/100 points in the self-assessment questionnaire.
- **Global Compact:** UN-promoted programme containing 10 principles of action.
- **ESG Lighthouse rating:** Promoted by the Spanish Institute of Analysts, it assesses the level of compliance with ESG criteria. Ercros has obtained 86/100 points.
- **Climate action of the Generalitat de Catalunya:** Commitment to achieve CO<sub>2</sub> neutrality by 2050.

# Sustainable Development Goals (SDGs)

In the development of its activity, Ercros contributes to the fulfilment of the 17 SDGs set out in the UN 2030 Agenda, although it has a special impact on:

- **ODS 3:** Health and wellness.
- **ODS 6:** Clean water and sanitation.
- **ODS 7:** Affordable and clean energy.
- **ODS 8:** Decent work and economic growth.
- **ODS 9:** Industry, innovation and infrastructure.
- **ODS 12:** Responsible production and consumption.
- **ODS 13:** Climate action.
