

**Ercros participates in the Cafè Cambra business forum
organized by the Chamber of Commerce of Tortosa**

The Ercros factory in Tortosa has participated in the first Cafè Cambra of 2026, organised by the Chamber of Commerce of this town, under the slogan "Tortosa: where talent creates opportunities". It is a forum in which representatives of the local business sector discuss key issues in the development of the city.

Blanca Rius and Joan Carles Galiana, director and head of industrial relations at the Tortosa factory, were in charge of representing the company at this forum. In their speech, they highlighted Ercros' commitment to the territory and its commitment to the economic and professional development of the area.

The conference was attended by the mayor of the city, Mar Lleixà, as a guest speaker. During her presentation, the mayor presented the main current and future projects promoted by the municipal government, with special attention to initiatives aimed at retaining and attracting young talent who, in many cases, are forced to move outside the city to develop their professional career.
