Ercros attends the III Pirineos Alto Gállego Business Gala

Ercros' factory in Sabiñánigo took part in the III Gala of the Pirineos Alto Gállego Business Association (AEPAG), with which it collaborates, held on 1 October at the Hotel Tierra de Biescas.

Elena Simón, the factory director, and Mariluz Pardo, communications manager, represented Ercros at this annual event, which recognises the efforts and achievement of companies in Alto Gállego and serves as a leading forum for strengthening relationships within the region's business community.

The event was attended by María Jesús Lorente, president of CEPYME Aragón; Celsa Rufas, vice-president of the Provincial Council of Huesca; Avelina Bellostas, president of CEOE-CEPYME Huesca; Primitivo Grasa, president of the Alto Gállego county authority; Lorena Cajal, mayor of Biescas; and Berta Fernández, mayor of Sabiñánigo, among other local authorities from the region.

Ercros' participation in this event reflects its strong ties to the region and its commitment to the economic and social development of Alto Gállego, where the Sabiñánigo factory has maintained continuous industrial activity for more than 100 years and has a well-established presence in the local business community.

About Ercros

Ercros is an industrial group focused on the manufacture and sale of chemical and pharmaceutical products. The principles guiding its activities are the safety of its facilities and the health of people, respect for the environment, product quality, and dialogue and transparency with society.

The company operates across three business areas: the chlorine derivatives division, a strategic unit centred on chlorine; the intermediate chemicals division, focused on formaldehyde chemistry; and the pharmaceuticals division, dedicated to manufacturing active pharmaceutical ingredients. It has 10 production facilities employing approximately 1,350 people and exports nearly half of its output to around 90 countries worldwide.

Since 2026, Ercros is part of Bondalti, a leading company in the Iberian chemical sector belonging to the José de Mello Group.
