Ercros' Sabiñánigo factory takes part in the 3rd Huesca Corporate Race

The company brought together nearly 30 participants, secured third place in the men's team category and received the award for the company with the highest number of participants.

Bondalti-Ercros' factory in Sabiñánigo took part in the 3rd ESIC Huesca Corporate Race, a sporting event organised by ESIC Business & Marketing School that brought together more than 300 participants from companies across the province of Huesca for a day of exercise, social interaction and team spirit.

Nearly 30 company members took part in this year's edition, organised into teams of three. Bondalti-Ercros also received double recognition: it secured third place in the men's team category and was awarded the trophy for the business with the highest number of participants.

Taking part in this race highlights the importance of promoting physical activity and healthy lifestyle habits, in line with the principles of Ercros Saludable. The Sabiñánigo factory holds a certification for a *healthy organisation management system* (SIGOS), awarded by Aenor.

About Ercros

Ercros is an industrial group focused on the manufacture and sale of chemical and pharmaceutical products. The principles guiding its activities are the safety of its facilities and

Sabiñánigo, 26 October 2026

the health of people, respect for the environment, product quality, and dialogue and transparency with society.

The company operates across three business areas: the chlorine derivatives division, a strategic unit centred on chlorine; the intermediate chemicals division, focused on formaldehyde chemistry; and the pharmaceuticals division, dedicated to manufacturing active pharmaceutical ingredients. It has 10 production facilities employing approximately 1,350 people and exports nearly half of its output to around 90 countries worldwide.

Since 2026, Ercros is part of Bondalti, a leading company in the Iberian chemical sector belonging to the José de Mello Group.
